

CELL BOOST MASK

5 masks per pack

Professional Skincare Innovation – Perfect for Estheticians & At-Home Beauty Lovers

Unique technology mimics the human growth hormone action in our skin and precisely stimulates mesenchymal stem cells to boost new healthy cells formation together with outstanding hydration.

INTENSIVE CARE FOR:

• cell renewal

• tone brightening

• skin tightening

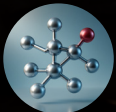

• powerful protection

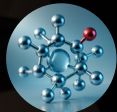

• skin immune support

KEY INGREDIENTS FOR UNMATCHED RESULTS

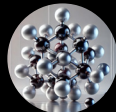

SH-Polypeptides-7

Stimulates mesenchymal stem cells

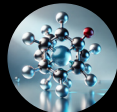

SH-Oligopeptide-1

Stimulates epidermal growth and regeneration

Niacinamide

Brightens, evens tone & refines texture

Hyaluronic Acid

Deep hydration & skin-plumping

Bitter Orange Extract

Antioxidant-rich protection

Macadamia Seed Oil

Deep nourishment & barrier repair

Chamomile & Sea Buckthorn

Soothing, anti-inflammatory benefits

Unlike traditional masks, **MD PRO CELL BOOST MASK** doesn't just hydrate – it activates your skin's own renewal process.

For Estheticians: Elevate Your Post-Treatment Care

Give your clients the ultimate skin recovery with MD PRO CELL BOOST MASK – a professional-grade biocellulose mask that accelerates healing, enhances hydration, and strengthens the skin barrier after advanced aesthetic treatments.

- Boosts post-procedure recovery (ideal after peels, microneedling and laser treatments)
- Deeply hydrates & plumps the skin for long-lasting moisture retention
- Strengthens skin immunity and enhances barrier function
- Soothes & reduces redness, ensuring faster, irritation-free healing
- Perfect for all skin types – including sensitive and post-inflammatory skin

PRO TIP: Use immediately post-treatment for enhanced absorption and accelerated skin renewal.

FOR ESTHETICIANS & POST-TREATMENT RECOVERY:

- 1 step** Apply immediately after professional procedures to enhance healing (remove the tiny web-like protective layer from both sides).
- 2 step** Leave on for 20-30 minutes.
- 3 step** Gently pat in the remaining serum for maximum absorption & protection.
- 4 step** For enhanced hydration and nourishment, follow with GF-20 Boost Cream enriched with exosomes, PDRN, peptides and probiotics.

FOR BEAUTY ENTHUSIASTS:

Transform Your Skincare Routine at Home

Tired of dull, dehydrated skin? Experience 10x deeper hydration with our advanced biocellulose mask – a luxury spa treatment in the comfort of your home!

- ▶ Plumps & revitalizes tired, stressed skin
- ▶ Brightens your complexion, leaving you with a healthy glow
- ▶ Firms & tightens for a more youthful look
- ▶ Soothes & nourishes with powerful botanical extracts
- ▶ Ultra-comfortable second-skin fit – no slipping, no mess!

Perfect for self-care nights, pre-event prep, or weekly deep hydration!

FOR AT-HOME USE:

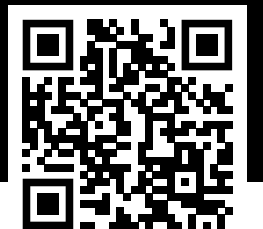

- 1 step** Cleanse & dry your face.
- 2 step** Open the package and remove outer cover from the mask sheet.
- 3 step** Apply the translucent side directly onto your skin, then remove the outer protective layer.
- 4 step** Relax for 20-30 minutes while the mask works its magic.
- 5 step** Massage in the remaining serum – no rinsing needed!
- 6 step** For enhanced hydration and nourishment, follow with GF-20 Boost Cream enriched with exosomes, PDRN, peptides and probiotics.

PRO TIP: Use 2-3 times per week for the ultimate hydration boost and skin renewal.

Our biocellulose technology fits like a second skin, ensuring optimal absorption of active ingredients for maximum results.
